Introducing the next generation of sending solutions from Pitney Bowes: SendPro® Mailstation

Get started printing your own postage for letters and parcels. It's so easy.

The SendPro Mailstation is our latest, all-in-one office sending solution, designed to simplify your day-to-day sending needs. Plus, with our exclusive AutoInk offering, you'll be able to significantly reduce your operating costs.

The SendPro Mailstation provides a streamlined way to process mail and ship parcels with Royal Mail® and Parcelforce® Worldwide. So it's easy to save time and money. The bright colour touchscreen makes menu selection a breeze. You'll be up and running in no time.

Get savings that quickly add up.

Save up to 17p vs. 1st and 2nd class stamps¹

Save up to 75% on sending parcels²

Save up to 71% with AutoInk³

¹Save up to 17.8% versus Royal Mail® 1st class stamps and save up to 25% versus Royal Mail® 2nd class stamps. Savings do not include equipment running costs or consumables. No minimum volumes needed (prices correct as of 4th April 2022).
²Save up to 75% versus Parcelforce® Worldwide non-contract prices via www.parcelforce.com (prices correct as of 1st January 2021).
³This is based on the usage of 3.6 Pitney Bowes genuine franking ink cartridges per year on the £7.70 monthly tariff. AutoInk is a part of your all-inclusive service contract. AutoInk is an optional service and you will be provided with an alternative service contract should you wish to opt out of AutoInk.

Get the functionality you want, combined with the full support you deserve.

Designed to minimise downtime:

Daily tasks are easy for everyone, thanks to our bright, user-friendly colour touchscreen. And it's so simple to operate. Get started right away with our integrated support articles and self-help videos.

Intuitive workflow:

You'll be amazed at how it all makes such perfect sense. A few taps of the sharp 4.3" colour touchscreen and you're on your way. You'll be done before you know it.

Ink included as standard:

With AutoInk, you never have to worry about ordering ink again. Eliminate that hassle once and for all. Pairing AutoInk with the SendPro Mailstation provides an exceptionally affordable and convenient way to run your business. When the ink starts to run low, the SendPro Mailstation alerts us automatically. We then ship you a replacement franking ink cartridge right away with delivery included. With franking ink bundled for the life of your SendPro contract, you can save up to 71% a year³.

Eliminate wait times for support:

No need to call in for support. Get the help you need instantly from our easy-to-use website.

- Get support with live chat.
- Order other supplies.
- Create and submit support cases to our technical team through your online account.
- View self-help articles and videos.

There's also helpful assistance through the intuitive touchscreen notifications as well as our how-to guides.

How does AutoInk work?

Meter sends alert when ink is low

Ink order placed automatically

Order delivered directly to you

You save up to 71% a year³

SendPro[®] Mailstation

So many useful features in a compact size that enable you to save.

Save on postage

4.3" colour touchscreen

Track spend

Automatic rate updates

Integrated 2.5 kg scale

The SendPro Mailstation & the SendPro Online companion app—perfect together

It's a combination that's versatile, yet so powerful. Using the SendPro Mailstation with the SendPro Online companion app provides an exceptionally robust set of features:

- Compare mail service options for best price
- Pay the correct amount for each letter while getting the lowest postage prices with Mailmark[®]
- Print parcel labels and return labels
- Save up to 75% versus Parcelforce retail rates⁴
- Take advantage of the Royal Mail Delivery Confirmation Service for parcel sends

What's more, you never have to worry about running out of ink with AutoInk—our convenient ink ordering offer that's included as standard. It saves you time and money by providing an affordable, convenient way to run your business. The ink is sent to you automatically as your supply begins to run low.

"We found Mailstation quick and easy to install—we were connected and printing postage on our first letters within just a few minutes. The intuitive prompts on the touchscreen make it very straightforward to select the right postage. Now, our clients receive their communications in a timely, professional way and we're saving time and money."

— Monica Mistry, FirstFord Ltd

Key benefits of the SendPro Mailstation
